Sir,

I have the honor to submit herewith for sanction of Government, a declaration statement in English and Kanarese and the sketches, for the acquisition of certain lands of the Jakkasandra village in the Bangalore Taluk, to complete the lay-out of the Malleswaram Extension of the Bangalore City.

2. The cost of the acquisition which is estimated at Rs.13451/- will be met from the funds of the Municipal council. They have agreed to pay the capitalised value of assessment.

3. The President of the Municipal Council may be appointed as the acquisition officer in this case.

4. A copy of the President's letter dated 5th December 1921, explaining the necessity for adding the lands to the Municipality is enclosed for reference.

Letter No.998 dated 5/10th December 1921 from the Chief Officer, Municipal Council, Bangalore City, to the Deputy Commissioner, Bangalore District.

In forwarding the accompanying declaration statement, together with two copies of the sketch of the lands therein shown for submission to Government for sanction of Government, I have the honor to state that these lands are required for completing the lay out of the Malleswaram Extension on the east side of it

2. In accordance with the original scheme sanctioned for this extension, there are eleven main roads and eighteen cross roads The Link Road from Malleswaram to Seshadripuram is practically the continuation of the East end main Road(1st main road) of -- Malleswaram. All the cross roads beginning from the 18th to the 4th have been laid out so as to meet this East end Main Road; but the 3rd, 2nd, 1st and south end cross roads abruptly and incompletlystop at the western hedge of the aforesaid lands, so that the sewage of the houses to the west of this hedge, is interrupted and stagnates along the hedge, to the injury of the public health. In these circumstances, it is indispensably necessary that these four cross roads with the corresponding conservancy lanes should be continued so as to meet the said east end Main Road. Between the continuations of these roads, about one hundred and twenty five ordinary house sites of the size sanctioned for this Extension, viz, 30' x 100' can be formed By the auction sale of these sites over Rupees thirty thousand is expected to be realized.

3. This small addition forms part and parcel of the Malleswaram Extension, and it is situated within the Municipal limits. Accordingly the sanction of Government to alienate the lands to complete the lay out of the extension is solicited under section 134 of the Land Revenue Code, and not under section 63 thereof or Rule 58 of the Rules framed under this Code, which apply only to the occu-

occupants of assessed lands.

The Revenue Secretary to the

Government of H H. The Maharaja of Mysore,

Bangalore.

Sir,

Under instructions from my client Mr. P. Nanjappa, Mundy Merchant, New Thareagupet, Bangalore City, I beg to forward herewith for information and necessary action of Government, copies of my notice to the President, City Municipal Council, Bangalore and his reply thereto in regard to the propriety and legality of the Resolution of the said Municipal Council dated 8th January 1921 to acquire my client's land, viz, part of Survey Number 23 measuring 1 acre 9 guntas and 22 Guntas in Jakkasandra Village adjoining the Malleswaram Extension, when there is an enforceable Mutchalika entered into between the said Municipal Council and my client's predecessor in interest.

2 It will be seen that in my notice above referred to the President was requested to state whether the =

PTO

Municipal Council would prefer to carry out a defective resolution or permit my client to proceed in accordance with the said Mutchalika.

3. The President in his reply has not attempted either to repudiate the said Mutchalika or to justify the resolution in question but has simply based the measure of acquisition on a proposal to lay out a typical extension and to incur large outlays thereon - a matter which is at present very doubtful whether it can be = brought within the "purposes of this Regulation" referred to in Section 41 of the Mysore Municipal Regulation.

4 Granting however for purposes of argument that the proposed action comes within the statutory powers which the Municipal Council may exercise, it cannot be conceded by the Statutory Provisions that in so exercising the said Council can commit a breach of a valid contract and cause damage to my client and proceed to take away the land in a manner which is very likely to seriously prejudice the interests of my client.

5 In cases of this kind provisions of sections 41 and 160 of the Municipal Regulation enable the Municipal Council to effect an equitable settlement between itself on the one hand and the party to the contract and the owner of the property to be acquired on the other in regard to the compensation for the breach of a valid mutcha like this in addition to that for acquisition of a valuabl landed property

6. It is only in cases of serious hindrances and unreasonable dispute, provisions of Land Acquisition Regulation can be applied and for obvious reasons my client cannot expect that he will be adequately compensated, if once his claim to compensation is before the Land Acquisition Officer, ignoring at the same time the delay and expense involved thereby

7 As the President states in his reply that he has taken steps to get the Declaration Statements in regard to the proposed acquisition published in the Government Gazettes under your signature, I am instructed by my client to make it known to you that by so publishing such

statements the Government will also be a party along with the said Municipal Council at whose instance my client suffers injury by breach of mutchalika and by acquisition of landed property required for the Municipal Council without previously settling compensation in accordance with the Provisions of the Municipal Regulation.

8. As it is my client's interest that his case = should be before Government before the Declaration Statements are published in the Government Gazzette, I have = forwarded this notice to you and at the same time I have also sent a copy of it to the President, Municipal Council for information and necessary further action if he chooses to take any

Under instructions from M/s P Narayappa, Merchant, Mustaragupet, Bangalore City I have to state that my client succession interest in respect of S. No 26, measuring 1 acre 22 guntas Jakkasandra Village adjoining Malleswaram Extension, which is standing in the name of Mr Ramachandra Rao between whom and the Municipal there is a valid agreement as per Mutwalika dt 6th July 1918 and endorsement No 38 dt 5.7.1918 empowering the said Ramachandra Rao to convert the said land into building sites and dispose of them.

The above agreement being binding in force and not having been determined in accordance with the provisions of the said my client is very much prejudiced by the resolution of the City Municipal Council dt 8th Jan 1921 to acquire said land, which has been arrived at apparently without reference to and presumably in ignorance of the aforesaid Mutwalika

I have therefore to request you to kindly let me know whether Municipal Council would still persist to carry out the said effective resolution or whether my client may convert land into sites and dispose of them himself in accordance with the terms of the said Mutwalika

2 Letter No 284 & 10th Oct 1922 from the President, City Muni to HS Bhashyakar, Pleader.

"With reference to your letter & 30 & 1922 stating that your client Mr O Ranganna, Foundry Merchant has purchased the part of S.No 26, measuring 1 acre 26 gs of Jakkasandra Village from its owner Mr C Ramachandra Rao and that the resolution of the Mysore City Improvement Committee 38.1 1921 to acquire the land in question contrary to the agreement entered into between Mr Ramachandra Rao & the Municipality empowering him to convert the land into building sites is illegal, I have the honour to state that with a view to improve and extend the Malleswaram Extension, the Council have decided to acquire certain lands including the land of your client. It is felt that unless the Municipality acquire the whole gardens and incurs large outlays in the matter of laying out a typical extension, nothing could be done for the better utilization of these lands. The Govt have already been approached for taking necessary steps to acquire these agricultural lands, and the publication of the Notification in the Gazette is expected in due course. As the land is required for a public purpose, it will have to be acquired and compensation will be paid for.

If your client improves the land, in spite of this, he does so at his risk.
